Regulations
 You must register with the series per registration mechanism announced. Standings will be calculated on each racer's best events of half+one. Racers are responsible for entering in the correct age group and category. Your age category is based on your age as of December 31st of the current race year. Year-end ties will be broken in order as follows: a. Winner of the most races in head-to-head competition, as scored in the CPS standings. b. Racer who competed in the most races. c. Racer who had the most points in head to head competition events. d. In the event the first two tiebreakers fail to establish a winner the racers will remain tied. Final tabulations of the CPS points will be posted on the MMBA website. Any disputes regarding the final tabulation must be submitted to the CPS Committee by a date to be determined each season. Awards to the top five finishers in each class with half+one races competed.

Points Tabulation
 Racers earn position points according to how they finish in an event per the list below
 DNF = "did not finish" and counts as a race start for tabulation purposes at .05 points
 DNS = "did not start" and does not count as a start for tabulation purposes
 Marathon events will be calculated at 1.5 times the point scale above.
 Racers choosing to move up to a higher category can take 75% of the points earned in the lower class up to their standings in the category above.
 Races cannot accumulate points in more than on class except racers can compete in single-speed or tandem and still collect points in another class
 You can capture points from a previous race if you register for the CPS on or before a subsequent event

Race Disputes
 Disputes regarding timing and scoring of an event must be resolved between the racer and promoter on the day of the event.
Series Points Disputes
 Racers are expected to check the Point Series standings periodically throughout the races season for accuracy and to make any errors known to the CPS Committee as soon as they are identified.

Promoter Regulations
 DNF results will be posted in the category the racer competed.
 Results are to be posted in the same order and format per the 2011 Categories above.
 It is the promoters' responsibility to communicate to the any changes in their submitted scoring as a result of a racer dispute to the CPS for points tabulation.

General Mountain Bike Racing Rules

Questions on the rules should be directed to the CPS Committee
 Wearing of a helmet is mandatory while warming-up for, racing in, or riding at any CPS event.
 Racers competing in a race that is conducted in a time trial format may not re-start the race and earn CPS points.
 Bicycles shall be in good repair with both front and back brakes in good working order.
 Racers may change any bicycle components during the race except the frame.
 They may accept assistance only from other racers actively competing during the same event.
 Food and water can be taken from anyone, anywhere on the course. Racers taking food or water must not impede the progress of other racers.
 Racers riding bicycles have the right of way over racers pushing bicycles. When practical, racers pushing bikes should yield the most ride-able portion of the trail when being passed.
 A racer pushing or carrying his or her bicycle can overtake a racer riding his bicycle provided that it does not interfere with the riding racer.
 Riders should vocally alert those they are passing using announcements like "PASSING on your LEFT (RIGHT)!" or "TRACK LEFT (RIGHT)!" It is the responsibility of the passing rider to overtake safely. Racers behind a lead passing rider must also announce their passing as well and not rely on the lead passing racer to announce for them.
 Use of headphones or musical devices that impair the ability of a racer to hear or communicate with other racers is prohibited
 Riders should not shorten the course to pass another racer. Shortcutting the course by any racer may result in a disqualification.
 Riders being lapped must yield at the first reasonable opportunity
 When two riders are vying for position, the leading rider does not necessarily have to yield position to the challenging rider. However, a rider may not block the challenging rider's progress; this is considered to be highly unsportsmanlike behavior.
 Racers must yield to emergency medical personnel.
 Use of profane or abusive language or other unsportsmanlike behavior will not be tolerated. All instances of unsportsmanlike behavior can be reported to the CPS Committee for disciplinary consideration.
 Violation of any of the above rules may result in disciplinary action by the CPS committee including, but not limited to, the loss of CPS points or removal from the points series.
 The CPS committee has the final say in all point series rulings and reserves the right to amend the rules periodically as the need arises.
